WHY A HISTORICAL SOCIETY? The heritage of Suffolk is a valuable asset, and is a matter of pride to our residents and an inducement for others to visit and live in Suffolk. We must act now to save our links with the past for generations to come. By saving the priceless evidence of years gone by we will give the present and the future their values to live by.

FROM SUFFOLK AND VICINITY- Raiding parties, says the Christian Sun, are going out in every direction from Suffolk, robbing the farmers of horses, provisions, etc. Butler has issued orders to have all the horses taken in Nansemond, Isle of Wight, and Gates County, N. C. so as to prevent the making of crops. A party came into Suffolk last Friday with 114 horses and mules taken from their owners. Another party was at Chuckatuck, and captured Dr. William T. Jordan of the Signal Corps, and a citizen, carrying them off. Great distress and consternation pervades the whole section of the country now given up to the ravages of the cruel enemy.
